

# TRACEABILITY USING THE SERIAL NUMBER

Thus all production stages down to the used raw materials can be traced back. That is the seal of approval for our unique quality. Our database reaches back to the year 1992.

## PERFORMED TASKS

- Date
- Signature
- Comments
- Incoming inspection
- Cutting
- Degreasing
- Breaking edges
- Pressing on blade tip
- Die cutting blade tip
- Grinding lateral faces
- Pressing on «Wings»
- Cleaning the surface
- Hardening
- Tempering
- Surface grinding
- Masking the tip
- Electroplating
- Laser engraving
- Black-finishing the tip
- Cleaning and oiling
- Final inspection

## RAW MATERIAL USED
