Please Read:

As of September 14, 2011, all warranty related returns will be subject to a standard Processing and Handling Fee. Standard P&H Fee is $5.00 for the first 5 warranty tools, and $0.50 for each additional tool.

This fee also includes complimentary return shipment via US Mail. Count On Tools strives to provide the safest and most economical packaging and shipping method for your Warranty Return Services. Customers may opt to have the tools returned with their own shipping account (for expedited service) or with an existing/pending order, however, P&H fees still apply.

For more information and estimated costs, please visit:
http://www.shop.pbtools.us/termsandconditions.sc

Item	Description (cause of damage)	Quantity	APV

Be sure to include this form and your P&H fee's with your return shipment.
